Rosalina tries to build a house, but it is no use.

The house collapsed immediately.

She sighed. "I cannot do that," she said.

She started to nap.

Did you know? In the last book, Toad was angry with her.

She tried to stay awake. After a while, she decided not to take a nap.

She plays football with the other toads, but not the leader toad.

Toad was very angry with Rosalina.

"Don't you dare play football !?!?" he yelled and yelled and yelled.

Rosalina was so afraid. She ran to her house and she stayed there for the rest of the day.

After a while, Rosalina did not come out.

All the toads were eating dinner and Toad wasn't so angry after all.

He was sad because of Rosalina's faults.

After all the toads had gone to bed, Toad wanted to talk to Rosalina in her house.

"I cannot do it," said Rosalina. "I tried to build a house, I tried to play with all the Toads and didn't come out for dinner, and now I am in bed."

Rosalina was so afraid of Toad. He kissed her on her right cheek and closed the door.

Rosalina wasn't so afraid in the dark anymore.
