Chapter 1

Surprise!

Charlie was singing a song when...

Bam! Bam! Bam!

The door banged! Charlie was so shocked that he stopped singing.

Pedro and Squirt were waiting for him.

And then they're singing, "Banana banana banana banana banana banana banana
banana banana banana banana banana banana banana banana banana banana banana
banana banana banana banana banana banana!"

Charlie sang this whole song over and over again. Suddenly, the door collapsed! Something was staring at them with its beady eyes. It was Beedrill!

Tons of Beedrill!

Charlie and his friends ran away screaming, “Banana banana banana banana!” over and over again.

Suddenly they found a great place to hide - in a Titan cave!

They went inside the cave. Suddenly, the ambush Pokémon, Klawf, woke up. It started running towards Charlie and his friends. Everybody screamed in horror. Charlie and his friends ran out of a Titan cave.

Suddenly, Charlie and his friends started to sing. “ Bananas are yellow, bananas are yummy, bananas are yellow yellow yum yum yum, yellow yellow yum yum yum, yellow, yum yum yum yum, yellow, yum yum yum yum, yellow, yum yum yum yum, and it looks like a boomerang, boomerang, boomerang, boom! And that's the end of the banana song.”

Chapter 2

Double attack of the Beedrill

Charlie and his friends went back to the warehouse. The Beedrill are waiting for them. Venusaur started attacking Beedrill, and Squirtle blasted them with squirts of water. Charlie and his friends are happy, because there are Pokémon inside the warehouse. They catch them all! "Gotta catch them all, Pokémon!" was their chant. They are called the Titan adventurers. Charlie and his friends went to Wyndon Stadium. But then-- disaster! Dynamax Drednaw is causing havoc at Wyndon Stadium. Suddenly, a trainer's Scorbunny used a Double Kick! It was Goh.

Chapter 3

Ready to Goh!

Goh was confused. Charlie and his friends were already here. What can they do? Goh has an idea. He ordered Scorbunny to use Blaze Kick. It is super effective! Dynamax Drednaw was punched on the face. Then it used Max Steel Spike. It dodged! Then Dynamax Venusaur used G-Max Vine Lash. It is super effective! Drednaw went back into its normal size and lay on the ground in pain. Everyone cheered except Goh. He looked upset. Charlie and his friends cheered him up and they went back to their houses. Also, Scorbunny evolves into Raboot. Charlie and his friends are ready to fight Klawf back for a rematch.

Chapter 4

Klawf for a rematch

Back at the Titan cave, Charlie and his friends are ready to have a big battle with Klawf. Charlie sends out Pikachu! Pedro sends out Venusaur! And Squirt sends out Blastoise! Blastoise uses a water gun! Then Venusaur used a Vine whip! And finally, Pikachu used Thunderbolt to blast Klawf off to the sky! Charlie and his friends cheered. They went inside the Titan cave. A dragon-like fish was waiting for them. It was Tatsugiri!!!

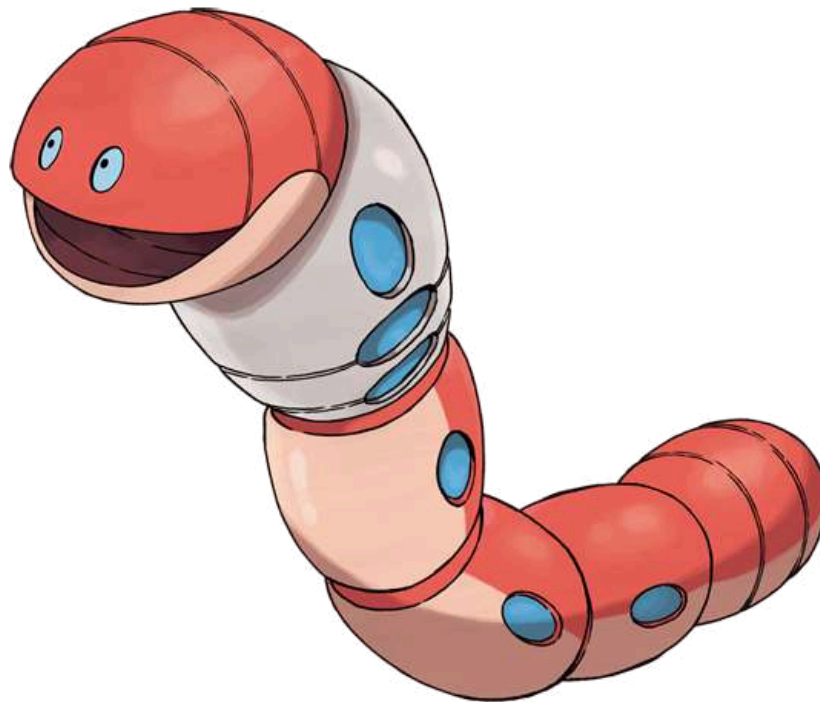

Chapter 5

Tatsugiri Attack!

Charlie knew Tasugiri is a dragon type and water type Pokemon. He sends out Pikachu. Pikachu uses Thunderbolt. It makes a direct hit! It tried to do Dragon Dance, but it fainted. Squirt catches it with its Pokeball. Charlie and his friends go deeper into the Titan cave. It was getting very dark. Finally, they reach a small pond called Titan pond. The next Titan Pokémon is Dondonzo.

This time, Charlie used Blastoise. Blastoise transformed into the stellar water type. It has a crown on its head. Blastoise used Ice Beam! It freezes Dondonzo! It is too weak to complete the battle. Charlie catches it with a Pokeball. They were at the exit. But a white bird called Bombirdier blocks their path. Squirt decided to battle it. He sends out Pawmi, which is evolving into Pawmo. Pawmo transformed into the most powerful Stellar Electric type Squirt have ever seen! It uses Thunderbolt! It shocked Bombirdier! It tries to use Wing Attack but it faints. Squirt catches it with its Pokeball. Charlie and his friends went to Area One. The next Pokémon is Orthworm.

Chapter 6

Orthworm

See you later!

Charlie decided to battle it. He sends out Blastoise. It used a Water Gun! It blasted Orthworm! It tried to use rock fall but it fainted. Charlie and his friends cheered and they went to Area Zero. The next Pokémon are Iron Threads and Great Tusk.

Chapter 7

Charlie, Pedro, and Squirt Vs Iron Threads and Great Tusk

Iron Threads and Great Tusk charge at our heroes. They use Zen Headbutt! Charlie and his friends went flying! It looks like this is the end...

But it didn't. Charlie and his friends were holding on to the Great Tusk's body.

They climbed up all the way towards the head. In the distance there was a strange electric type gym leader. She has a Pokeball that doesn't match Charlie's Pokeball. She has long sleeves that her hands were covered with. She has her hair tied up in a bun*. Charlie recognizes her. She was Iono!

"Hi guys!" she said. Charlie smiled.

She used Bellibolt as her partner. Bellibolt uses Thunder! Then it uses lightning! The lightning struck Iron Threads and Great Tusk. Thunder got them too. Iron Threads and Great Tusk are defeated. Iono caught them with her Pokeballs. Then she said goodbye to our heroes and she left. The Titanic Pokémon are Okidogi, Munkidori, and Fenzandipiti.

*What does buns do with education? Buns can be put on a hamburger, not for tying your hair!

Chapter 8

The Loyal Three attacks!

The next day Charlie and his friends set out to catch the Loyal Three. Squirt got his Floragato when it still evolved from Sprigatito. But now everything has changed. They went to the Loyal Three's hometown. They caughted all kinds of Pokémon. They ride on a Miraidon. The electric and dragon type Pokemon has powerful wings that can fly. It was cool. You should have been there. When they get to the Loyal Three, they are praying to their leader, Peacharunt. Charlie and his friends wanted to battle Peachaunt. Squirt chose Floragato! It became a stellar type. It has a crown on its head. It uses Razor Leaf. It hit the face of Peacharunt and it fainted. The Loyal Three stared at Charlie and his friends. They used all of their attacks. When they were running out of attacks, they fainted. Our heroes cheered. Maybe battling the Loyal Three was not so bad after all.

The End

Can Charlie and his friends protect from the Titan and Titanic Pokemon?
